

Jared Erondú

by Jonathan Winfield

Jared is a writer and designer mostly focused on wireframing.

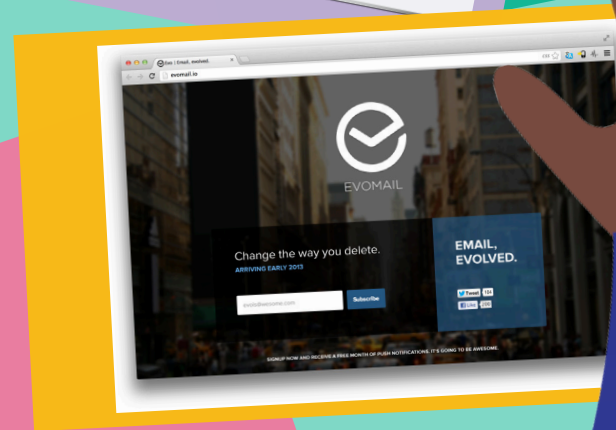

He is also an entrepreneur and advisor to many successful companies and upstarts.

He is a perfect example of absorbing experiences, and repurposing them into elements of design and creativity.

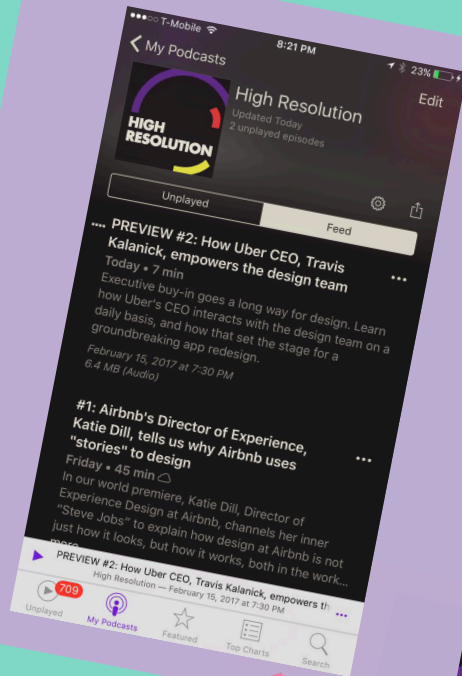

Blogs, podcasts,
false starts, columns,
and very, very, very good
ideas.

The Industry, and the industry, and Jared.

25 episodes, 1000 minutes
of yummy design
programming.

Directing creativity at Teesprings.

Omada Health and the new
adversity Jared faces.

Evomail was too often seen as
“evil mail” to pick up steam.

Jared's Playbook and Erondy.com.
